Group Safety Slogan Decided for FY2024

- Don't let our guard down! Let's aim to achieve zero accidents by safe driving in a two-way manner -

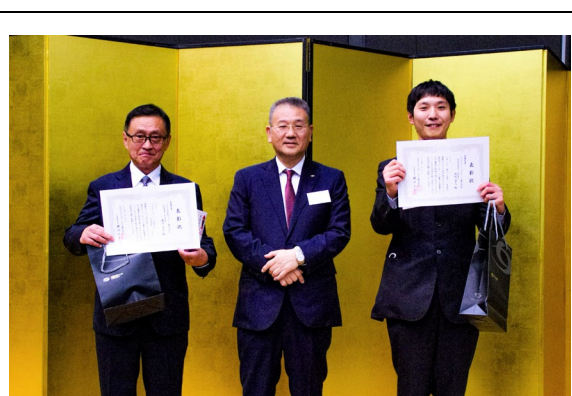

The SBS Group announce its FY2024 SBS Group Safety Slogan, which is one of the safety awareness activities based on its transport safety management, was decided on January 5.

As one of the important measures to achieve zero accidents, the SBS Group establishes the annual "safety slogan" through public solicitation from its employees. Out of a total of 18,054 entries, we narrowed it down to 43 after 3 rounds of screening by the SBSG Transport Safety Promotion Committee. The final selection was made by the votes of Group employees.

As a result of the final selection, top prizes were awarded to Masahiro Morita, SBS Sokuhai Support Co., Ltd., for "Generosity and Danger Prediction; Safe Driving in a Two-way Manner" in [Traffic Safety], and to Hayato Nishimura, SBS FlecNet Co., Ltd., for "What scares us are familiarity, inattentiveness and not confirming" in [Safety at Business Sites].

The two top prizes will be displayed as annual slogans on posters at all business sites and posted on the company portal site to publicize them to employees. In addition, we will continue to publicize the winners and the best-effort awards as a monthly slogan throughout the company. All employees will work together to achieve zero accidents this year as well.
